5 Seconds Of Summer, Lonely Heart

your type of mind
so hard to find
native of mine
you’re just my kind
down on my knees
I’ll always follow

i promise you
until the end of time

our house of fire
we’re burning
we dance inside
you’re hurting
if you leave me
ine the morning
I’ll have such a

such a lonely heart
such a lonely heart
if you can’t find any reason to stay
than I know I am gonna always have a
lonely
lonely
lonely
lonely heart

your precious heart
can’t watch it breake
so I’ll close my eyes
while you walke away
