Gang /3x

They talking down on my name
don’t let them run with the name
man I just run with the gang
Asap boys came with the flame

Gang /3x

They talking down on the gang
they wanna rep with the name
but this ain’t no regular name

Gang /2x

They talking down on my name
I might pull up with three k’s
But I do not fuck with no klan

Gang /2x
Them boys not flexing the same
I’m done with adjusting to fame
pull up to your set leave a stain

Gang /2x

I tell her come fuck with the gang
I tell them don’t fuck with the gang
it’s time to fuck up the whole gang

come fuck the the mob
shootout to the lords and the gods
in love with my bitch ‘cause she bi
my ice like the stars
I tell that bitch cover your eyes

cause smoking with me you go blind
she losing her mind
we kiss to frank ocean and blonde
convincing my bitch to go blonde

was born in the dark
I can’t even open my blinds
on yams and that’s word to my mom
margiela mad man
with cases I’m still tryna beat
a buncha shit from a long time ago

the bigger they are, the harder they fall
lke dominos, nigga, geronimos
when it’s my time to go
Adios vamonos
flaco no dominicano
but eat the tostones with platanos
dealing with life and it’s highs and lows

I’m just living like I;m supposed
I guess it’s called living
shit I suppose
I;m on my live alone die alone
you talking about spending
ot buying cloths
