

# 30 Seconds to Mars, One Track Mind (ft. A\$AP R

a dark night, remember  
the Sunrise, surrender  
there's isn't any other way  
there's isn't any other way  
hands tied, remember  
it's suicidal to surrender  
there's isn't any other way  
there's isn't any other way

I have a one track mind  
I have a one track mind  
there is a method to the madness, to the madness  
gotta have a one track mind

the sex and lies, remember  
look in my eyes, surrender  
there isn't any other way  
there isn't any other way  
outta sight, I'm outta mind  
mind

I have a one track mind  
I have a one track mind  
there is a method to the madness, to the madness  
gotta have a one track mind

[A\$AP Rocky:]  
I have a one track mind  
I have a one track mind  
there is a method to the madness, to the madness  
gotta have a one track mind, ohh  
ride around town  
I made it official now  
think about you every now and again  
there's the times  
spend days fucking with you, girl  
on my downtime, locking in  
take a ride around downtown  
I'm not in the rain time  
come alive in the nighttime  
whe the rain stay  
when the rain mine  
love is like problems  
we all got'em  
how come when you stop popping  
everybody problems  
come your problems  
let me cry about it  
ain;t my problems  
ain;t my fault  
mr. Kells wit shakka  
heard it's onlu 30 sec. till Mars  
then it take you even less just to get to my heart

I have a one track mind  
I have a one track mind  
there is a method to the madness, to the madness  
gotta have a one track mind
