Adele, I Miss You

Baby don't let the lights go down
Baby don't let the lights go down
Lights go down, lights go down
Lights go down, lights go down
Go down, go down

I miss you when the lights go out in the moon
And all of my doubts pull me
Hold me, hold me tight
Hold me close
Baby give me light
I miss you when the lights go out in the moon
And all of my doubts pull me
Hold me, hold me tight
Hold me close
Baby give me light

I love the way your body moves
Towards me from across the room
Brushing past my every groove
No one has me like you do
In your heart I bring my soul
But be delicate with my ego
I wanna step into your breach unknown
Baby you and me set the tone

Baby don't let the lights go down
Baby don't let the lights go down
Lights go down, lights go down
Lights go down, lights go down
Go down, go down

I miss you when the lights go out in the moon
And all of my doubts pull me
Hold me, hold me tight
Hold me close
Baby give me light
I miss you when the lights go out in the moon
And all of my doubts pull me
Hold me, hold me tight
Hold me close
Baby give me light
