Alicia Keys, Good Job

you’re the engine that makes all things go
and you’’re always in disguise, my hero
I see your light in the dark
smile in my face when we all know it’s hard
there’s no way to ever pay yu back
bless your heart
know I love you for that
honest and selfless
I don’t know if this helps it bu

good job
you’re doing a good job
you’re doing a good job
don’t get too down
the world needs you now
know that you matter
matter, matter

good job
you’re doing a good job
you’re doing a good job
don’t get too down
the world needs you now
know that you matter
matter, matter

6 in the morning
and soon as you walk through the door
everyone needs tyou again
the world’s out of order
it’s not as sound
when you’re not around
all day on your feet
hard to
keep the energy
I know
when it feels like the end of the road
you don’t let go
you just press forward
you’re the engine the makes all things go
always in disguise, my hero
I see a light in the dark
smile in my face
when we all know it’s hard
there is no way to ever pay you back
bless your heart
know I love you for that
honesty and selfness
I don’t know if this helps it but

good job
you’re doing a good job
you’re doing a good job
don’t get too down
the world needs you now
know that you matter
matter, matter

good job
you’re doing a good job
you’re doing a good job
don’t get too down
the world needs you now
know that you matter

matter, matter

the mothers
the fathers
the teachers that reach us
strangers to friends
that show up in the end
from the bottom to the top
the listeners that hear us
this for you
you make me fearless

good job
you’re doing a good job
you’re doing a good job
don’t get too down
the world needs you now
know that you matter
matter, matter
