Akcent, Gold (feat. Amira)

Do you know what I love
Do you live in my dreams
Do you care about me huh
Wanna do all the things that you promised to me
I can wait no longer
‘Cause I wanna be loved and I wanna be good
I’m a bad girl baby stop me stop me baby
And I don’t don’t wanna go without you go without you
And you must be good at something boy I got you boy I got you
And I must be crazy boy about you boy about you
Oh ooh oh ooh baby

You must be Gold
You must be Gold
You must be Gold

Acting pretty good
Acting like you should
Welcome to my hood
I feel like I know ya
Acting pretty good
Just a little rude
Boy you change my mood
And I feel like I know ya

You must be Gold
You must be Gold

So stay for me
When the rest when the rest is coming
Just leave with me baby
I’m your bad boy bad boy
You made your key where we carry closer
Just leave with me baby
I’m your bad boy bad boy

You must me Gold
You must be Gold
You must be Gold

Acting pretty good
Acting like you should
Welcome to my hood
I feel like I know ya
Acting pretty good
Just a little rude
Boy you change my mood
And I feel like I know ya

You must be Gold
You must be Gold
