oh
got me numb on this feeling
sometimes I need to breathe in
won’t you come and save me now
save me now?
oh
got me numb on this feeling
sometimes I need to breathe in
won’t you come and save me now
save me now?
oh
got me numb on this feeling
sometimes I need to breathe in
won’t you come and save me now
save me now?
oh
got me numb on this feeling
sometimes I need to breathe in
won’t you come and save me now
save me now?
