Austin Mahone, Dancing With Nobody

i like the way oh that you talk to me
i like the way oh that you say my name

I don’t know how
but I know you’re the one
I am standing my groiund now
when I used to run
it feels like a dream
but I know that I am up
I am up all night
all night with you

i don’t feel like dancing with nobody else
I don’t feel romantic with nobody else
can’t you see that baby I don’t want nobody else but you
i don’t feel like dancing with nobody else
I don’t feel romantic with nobody else
can’t you see that baby I don’t want nobody else but you

I like the way you breath
when you’re close to me
I like the way your hair falls across your face

I don’t know how
but I know you’re the one
I am standing my groiund now
when I used to run
it feels like a dream
but I know that I am up
I am up all night
all night with you

i don’t feel like dancing with nobody else
I don’t feel romantic with nobody else
can’t you see that baby I don’t want nobody else but you
i don’t feel like dancing with nobody else
I don’t feel romantic with nobody else
can’t you see that baby I don’t want nobody else but you

I can’t help it
I lose control
somehow I know you
I don’t know better
I lost control
think I might love you
I like the way
that you talk to me
I like the way
that you’re up
we’re up
al night, all night with you
