Anne-Marie, Beautiful

I woke up, look in the mirror today, yeah
Got so many things that I wanna change, and
Everybody’s got something to say
But that’s just who we are

Me new cloths
Don’t fit anymore
No!
Me and the mirror
Still continue to fall out
I don;t like this stranger staring at me!

All my insecurities
Wishing for something different
All the things you do to me
Tell me the truth

Are we beautiful
All of us
Cos we got something natural
It’s a part of us
Darling when they put you down like that
Yeah you can reply right back
You are beautiful
I know, I know, you are /2x
