benny blanco & Calvin Harris, I Found You

i cannot say what i’m feeling
if I don’t know how to move
I cannot say what I believe in
I finally believe in you
I traveled many roads
and I know what road to choose
now my world is never changing
there’s anything I can do

cause I found you
I found you
cause I found you
I found you
cause I found you
I found you

i cannot say what i’m feeling
if I don’t know how to move
I cannot say what I believe in
I finally believe in you
I traveled many roads
and I know what road to choose
now my world is never changing
there’s anything I can do

cause I found you
I found you
cause I found you
I found you
cause I found you
I found you

I found you
I found you
I found you
I found you
I found you
I found you
I found you

cause I found you
I found you
cause I found you
I found you
cause I found you
I found you
