Beyoncé, FLAMENCO

My mind has been tellin' me to settle right on down (Ooh)
Right now
Day ones have been tellin' me that they won't be around (Ooh)
They won't be around
I hope that you know that once I loved you (Oh)
I wish that I know you let me wonder (Oh)
I hope that God knows that I'm in need of hope right now (Ooh)
Right about now
My soul is remindin' me that we're forever young, ooh
Mm, ooh
Inhale and exhale my breath until the deed is done
Right about now, ayy, oh
I hope that you know once it's over
Can't take what you love so hold me closer
Realize that you don't know what you got until it's gone
Right about now
