B.o.B, Roll Up

Sometimes I get high to free my mind
Is that alright?
Right right right right
Sometimes I get drunk, to past the time
Is that alright? Is that alright?
Right right right right

Let's roll up something, let's pour up something
Let's roll, let's pour, let's roll up something
Let's pour up something
Let's roll up something, let's pour up something
Let's roll, let's pour, let's roll up something
Let's pour up something

Sometimes I get high to get you off my .....
Is that alright?
Right right right right
Sometimes I lie here, wasted
Sometimes I lie here, faded
Sometimes I let, what? I forgot what I was going to say!
Right right right right

Let's roll up something, let's pour up something
Let's roll, let's pour, let's roll up something
Let's pour up something
Let's roll up something, let's pour up something
Let's roll, let's pour, let's roll up something
Let's pour up something

Before the hoes ever noticing
Bank was broken, full of .....
Who's the bad mouth if I had spoken this?
My ..... was calling this emotional
So here here here, I can't hear my own thoughts
Yeah yeah yeah, silence on the phonecall
Too much thinking, and too much time in the attic
Too much drink, and too much weed for my habit
I'd put too much passion, and too much sweat for the arrish
Don't need to change if you can't explain what happened
Oh, losen shakes and fake smiles
One night in my back at the stakehouse
Feeling like .....
Lose yourself right now, I'ma space down
Friends, they pretend ain't enemies
Had us been whispering because they're .....
I'm out of pain, I got them out of my memories
Who got the pill to Heaven? Got me living this
And now who says, who says I can't get stoned?
And who cares, who cares who's right, who's wrong?
If you find, be clear, a new life, a new era, a new fly
You might move on, and get faded
You might move on, and upgrade it
You might move on, and just get that bullshit out of the way
Right right right right

Let's roll up something, let's pour up something
Let's roll, let's pour, let's roll up something
Let's pour up something
(Right right right right)
Let's roll up something, let's pour up something
Let's roll, let's pour, let's roll up something
Let's pour up something
(Right right right right)
