Bishop Briggs, Be Your Love

I'mma be your love /4x

Stone cold, out of sight
Too dark to trace the light
Don't leave me when I'm alone
And I'll be here when daylight's gone

I'mma be your love
When the fire burn, when the blessed turn
I'mma be your love, I'mma be your love
When the crazy world turn to hell on Earth
I'mma be your love, I'mma be your love
When the fire burn, when the blessed turn
I'mma be your love, I'mma be your love
When the crazy world turn to hell on Earth
I'mma be your love, I'mma be your love

Bad blood come and go
But you're still coming home
Ain't no mountain tall enough, baby
We rise, we fall, we fall

I'mma be your love
When the fire burn, when the blessed turn
I'mma be your love, I'mma be your love
When the crazy world turn to hell on Earth
I'mma be your love, I'mma be your love
When the fire burn, when the blessed turn
I'mma be your love, I'mma be your love
When the crazy world turn to hell on Earth
I'mma be your love, I'mma be your love

I'mma be your love /4x

I'mma be your love
When the fire burn, when the blessed turn
I'mma be your love, I'mma be your love
When the crazy world turn to hell on Earth
I'mma be your love, I'mma be your love
When the fire burn, when the blessed turn
I'mma be your love, I'mma be your love
When the crazy world turn to hell on Earth
I'mma be your love, I'mma be your love
