# Amy Macdonald, Woman Of The World

you had it all
and the you threw it away
you had control
but now I’m taking it away

it’s all a game
and I’m the winner
with the prize
I’ve got my soul
I’ve got my love
I’ve got my life

and nothing feels the same tonight
that something had to change

I’m not just someone else’s girls
I am a Woman Of The World
I’m soaring, flying, riding
high and free
and nothing’s gonna get to me
I am a Woman Of The World
I’m living life like it was mean to be
and nothing’s gonna get to me

you had it all
the only player in the game
I’m moving on
I hope that you can do the same

I now my friends got my back
and I love the way we rock and roll
I now my friends got my back
they pick me up when I fall

and nothing feels the same tonight
that something had to change

I’m not just someone else’s girls
I am a Woman Of The World
I’m soaring, flying, riding
high and free
and nothing’s gonna get to me
I am a Woman Of The World
I’m living life like it was mean to be
and nothing’s gonna get to me

sometimes we have to break free
love’s not always what we need to be

I’m not just someone else’s girls
I am a Woman Of The World
I’m soaring, flying, riding
high and free
and nothing’s gonna get to me
I am a Woman Of The World
I’m living life like it was mean to be
and nothing’s gonna get to me
