

Agata Serwin, What I'm Made Off

[Verse 1]

I may not be the one you think
Who can make it all the way
But my heart has got a spark
And it's turning to a flame

Yeah there's a dream inside
It's too big to be contained
Gonna chase it like the sunrise
Rising up every day

[Pre-Chorus 1]

I got a passion like a fire
I look in the mirror
I'm telling myself
Keep chasing what you desire
And everyone will see there's no one
There's no one

[Refrain]

No one else can replace
The purpose I'm meant for
Each day is a day
To work hard and to love

I'll keep stepping up
I'll keep looking forward
I won't miss the chance to show
What I'm made of

[Post-Refrain]

Say yeah, say yeah
Say yeah, say yeah
Yeah, yeah, yeah
I'm gonna show what I'm made of

Say yeah, say yeah
Say yeah, say yeah
Yeah, yeah, yeah
I'm gonna show what I'm made of

I'm gonna show what I'm made of

[Verse 2]

I'm putting in the hours
Yeah I'm putting in the time
Got an energy like speed
And it's revving up my mind

I'm gonna make a difference
I'm gonna take a stand
So join me if you want to
'Cause we got the upperhand

[Pre-Chorus]

I got a passion like a fire
I look in the mirror
Keep telling myself
Keep chasing what you desire
And everyone will see there's no one
There's no one

...

[Post-Chorus]
Say yeah, say yeah
Say yeah, say yeah
Yeah, yeah, yeah
I'm gonna show what I'm made of

Say yeah, say yeah
Say yeah, say yeah
Yeah, yeah, yeah
I'm gonna show what I'm made of
