Anne-Marie, Do It Right

I say: “If we’re gonna do it, do it right!”

I remember when this all started
Sex was carnage, this one night
I was like, I was like Cupid callin’
He’s my darling
Things are …

The only thing on my mind
All the time, no appetite
Always wanna bite
Just my type!
This one;s mine
And there is never been a human being
So good for me

I say: “If we’re gonna do it, do it right!”
“If we’re gonna do it, do it right!”
“If it’s me and you we gotta fight!
I say: “If we’re gonna do it, do it right!”

I remember when we’re dancing
Nonstop laughing, he’s so charming
And we’re up till morning
House is pourng, I daore him

The only thing on my mind
All the time, no appetite
Always wanna bite
Just my type!
This one;s mine
And there is never been a human being
So good for me

I say: “If we’re gonna do it, do it right!”
“If we’re gonna do it, do it right!”
“If it’s me and you we gotta fight!
I say: “If we’re gonna do it, do it right!”
