Britney Spears, Slumber party (ft. Tinashe)

I think I see confetti from this potion
Pillow fights and feathers, overdosing'
Smells like a cologne and candy lotion
Like a slumber party
Sheets all on the floor just like an ocean
Building up your fortress like a mountain
Neighbors say we're causing a commotion
Like a slumber party

No, no, no, you and I, I
We ain't gonna sleep tonigh, night
Baby, no, no, no, you and I, I
We ain't gonna sleep tonight

Cause we got them candles hanging
Hanging from the ceiling low
We use our bodies to make our own videos
Put on our music that makes us go fucking crazy, go
Go crazy, go
Like a slumber party
Like a slumber party
Like a slumber party

Let's fill up this claw foot bath with bubbles
Loving me so hard it's causing trouble
If the seven minutes in heaven make it double, triple
Like a slumber party

No, no, no, you and I, I
We ain't gonna sleep tonigh, night
Baby, no, no, no, you and I, I
We ain't gonna sleep tonight

Cause we got them candles hanging
Hanging from the ceiling low
We use our bodies to make our own videos
Put on our music that makes us go fucking crazy, go
Go crazy, go
Like a slumber party
We got them candles hanging
Hanging from the ceiling low
We use our bodies to make our own videos
Put on our music that makes us go fucking crazy, go
Crazy go
Go crazy, go
Like a slumber party
Like a slumber party
A slumber party, yes!

Like a slumber party
No, no, no, you and I, I, I
We ain't gonna sleep tonight
Like a slumber party
