"Seeing red"

You oughta know that I'm like a broken machine
I'm not as bulletproof as you all paint me to be
Time hasn’t frozen
Why do you want me to scream?
Are you a junkie punk medicating for free?

We’re all you need
We’ll make you royalty
We’ll be the best of enemies

Read me all my rights
I’ll never grow tired of your great advice
Won't somebody tell me
What I believe
I'm sorry for your sacrifice
I guess I must’ve sounded like the anti christ
Won’t somebody tell me
Won't somebody tell me
What I believe?

No debts
All love
I dont give a fuck
My head
My heart
Wouldn't be enough
I won’t think twice
I'm afraid
I'm the priest
You're the poltergeist

We’re like one big family
Gee thanks so much for the death threat
Do you hear the audacity?
You dummies only live on the internet

We’re all (oh yeah?)
you need (that's right)
We’ll make you royalty (gimme that gold)
We’ll be the best of enemies

Read me all my rights
I’ll never grow tired of your great advice
Won't somebody tell me
What I believe
I'm sorry for your sacrifice
I guess I must’ve sounded like the anti christ
Won’t somebody tell me
Won't somebody tell me
What I believe?

“Are you happy now?”

Heaven burning bright
You’ve really gotta wonder how I sleep at night
Won’t somebody tell me
Won’t somebody tell me

Read me all my rights
I’ll never grow tired of your great advice
Won't somebody tell me
What I believe
I'm sorry for your sacrifice
I guess I must’ve sounded like the anti christ
Won’t somebody tell me
Won't somebody tell me
What I believe?
All eyes on me
What I believe
