I feel so blessed

looking at the bright side of life
focus in my mind on the light
I can help you smile and be nice
once I realize what is right
everytime I breath I am free
I got family who loves me
faces all we need you could see
positivity, we believe

so we keep rocking
keep rollin
keep dreaming
keep going
keep your eyes on the prize
never et up
never grow up
it’s fucking a set up
