# Camila Cabello, In The Dark

[Verse 1]
Blank stares, faithless
Vampires at the same places
Shadows, traces
I know that you feel me

[Pre-Chorus]
You're runnin’, runnin', runnin', runnin’
Making the rounds with all your fake friends
Runnin', runnin' away from it
You can strip down without showing skin, I

[Chorus]
I can see you're scared of you emotions
I can see you're hoping not hopeless
So why can't you show me? why can't you show me?
I can see you're looking for distractions
I can see you’re tired of the acting
So why can’t you show me?
Who are you in the dark? (I, I)
Show me the scare parts (I, I)
Who are you when it's 3 AM and you’re all alone
And L.A. doesn't feel like home?
I, I, I
Who are you in the dark?

[Verse 2]
Plus one, guest list
But you don't even know what her name is
Secrets, endless
I know that you feel me

[Pre-Chorus]
You're runnin’, runnin', runnin', runnin'
Making the rounds with all your fake friends
Runnin', runnin' away from it
You can strip down without showing skin I

[Chorus]
I can see you're scared of you emotions
I can see you're hoping not hopeless
So why can't you show me? why can't you show me?
I can see you're looking for distractions
I can see you're tired of the acting
So why can't you show me?
Who are you in the dark? (I, I)
Show me the scare parts (I, I)
Who are you when it's 3 AM and you're all alone
And L.A. doesn't feel like home?
I, I, I
Who are you in the dark?

[Bridge]
Darling, come on and let me in
Darling , all of the strangers are gone
They gone
I said "Darling, come on and let me see"
Darling, I promise then I won't run

[Chorus]
So tell me
Who are you in the dark? (I, I)
Show me the scare parts (I, I)
Who are you when it's 3 AM

And you're all alone (and you're all alone)
And L.A. doesn't feel like home?
No I, I, I
Who are you in the dark?

[Outro]
Mmmmm, mmmm, mmm
Who are you in the dark?
Mmmmm, mmmm, mmm
Who are you in the dark?
Mmmmm, mmmm, mmm
Who are you in the dark?
