Ari Gold, Where The Music Takes You (feat. Sasl

It doesn’t matter what you do
If you go where the music takes you

If doesn’t matter what you do
If you go where the music takes you

Do with the flow
Let the music make you
you go where the music takes you

There comes a time you feel fine
But you know that there’s something more
And there are days you’re afraid
You will say what is it all for

Sunday, MOnday, Rolls around
Tuesday, Wednesday you’re in town
Searching for some inspiration
Thursday, Friday you stay home
Saturday you’re alone
MTA strike, no transportation
