

# Alan Walker x salem ilese, Fake A Smile

You and i u pall night  
Nothing's wrong  
Nothing's right  
I swear these walls are upside down  
I swear the roof is on the ground  
Demons don't sleep at night

I try to turn off my mind  
Say i am doing just fine  
But i am screaming inside like  
Say these words on repeat  
While i am trying to breathe  
No you're counting on me

So i fake a smile  
But i know you know me too well  
But it's alright  
You're like heaven when i am in hell

You were their heavy heaet  
Tasted liggth but fed the dark  
I am waiting for tchem all to see  
I don't deserve your company  
To love myslef is way too hard

I try to turn off my mind  
Say i am doing just fine  
But i am screaming inside like  
Say these words on repeat  
While i am trying to breathe  
No you're counting on me

So i fake a smile  
But i know you know me too well  
But it's alright  
You're like heaven when i am in hell

So i fake a smile  
But it's alright  
So i fake a smile  
But i know you know me too well  
But it's alright  
You're like heaven when i am in hell  
But it's alright  
You're like heaven when i am in hell
