Camila Cabello, Scar Tissue

[Verse 1]
I might say sorry way too much
Unnecessarily nervous
I feel every time, I feel again
The sound of your name like a cut

[Pre-Chorus]
I tried to hold the pieces inside
Tighter I held it, felt like a knife
Blood from our oath, those are your hands not mine
I used to laugh, just like a child
I feel okay, just for a while, yeah
Then I realized

[Chorus]
All I'm left with is this scar tissue
Battle wounds after surviving you, oh
I’m left with all the bruises, excuses
The truth is:
Trying to restart, that's the hardest part
The scar tissue
That's the hardest part
The scar tissue, ooh, ooh, ooh
The scar tissue, ooh, ooh, ooh
That’s the hardest part
The scar tissue

[Verse 2]
Secretly dangerous
The hurt that you're capable of
I couldn't see you coming if I tried
You pulled the trigger and hide

[Pre-Chorus]
I tried to hold the pieces inside
Tighter I held it, felt like a knife
Blood from our oath, those are your hands not mine
I used to laugh, just like a child
I feel okay, just for a while, yeah
Then I realized

[Chorus]
All I'm left with is this scar tissue
Battle wounds after surviving you, oh
I'm left with all the bruises, excuses
The truth is
Trying to restart, that's the hardest part
The scar tissue
That's the hardest part
The scar tissue, ooh, ooh, ooh
The scar tissue, ooh, ooh, ooh
That's the hardest part
The scar tissue

[Post-Chorus]
Dealing with the scar tissue
Everything you put me through, na na na yeah
Dealing with the scar tissue
Everything you put me through, na na na yeah
Dealing with the scar tissue
Everything you put me through, na na na yeah
Dealing with the scar tissue

Dealing with the scar tissue, oh

[Bridge]
Oh, I’m not okay
But I’m getting closer to it everyday
Closer and closer 'til you fade away

[Chorus]
All I’m left with is the scar tissue
Yeah, that's the hardest part
The scar tissue (all the scars, ooh, ooh, ooh)
The scar tissue, ooh, ooh, ooh (I'm going home, I'm trying)
That’s the hardest part
The scar tissue

[Outro]
I'm going home, I'm trying (na na na yeah)
I'm trying (na na na yeah)
I'm going home, I'm trying (na na na yeah)
I'm trying
