Ariana Grande, breathin

some days, things just take way too much of Energy
I look up and the whole room’s spinning
you take my care away
I guess I overcomplicate
people, tell me medicate

feel my blood running
swear the sky’s falling
I know that all thighs shit’s fabricated
times goes by and I can’t control my mind
don’t know what else to try
but you tell me every time

just keep breathin’
and breathin’ /3x
I know I gotta keep, keep on breathing
/2x

sometimes it’s hard to find
find my way up and though the clouds
doing it up there can be loud
you remind me od the time when things weren’t so complicated
all I need it to see your face

feel my blood running
swear the sky’s falling
I know that all thighs shit’s fabricated
times goes by and I can’t control my mind
don’t know what else to try
but you tell me every time

just keep breathin’
and breathin’ /3x
I know I gotta keep, keep on breathing
