Armin van Buuren & Garibay, I Need You (feat. O

She walks all late at night
As she says het goodbyes
She’s close to sacrifice
She knows something ain’t right

It ain’t easy and it ain’t pleasing
She’ s just tryna find a way out there
She put out faith in
You know it’s chasing
She’s just tryna find her love out there
And she cries

I need you
Like a wave needs the ocean
Like the love needs devotion
I need you
Like the desert bleeds the water
Like a mission needs a model
I need you
Every minute, every hour
I lay broken like a flower
Cuz I need you
I need you!

She’s lost her way of life Feels like a hole inside
She wants to feel alive
And nothing satisfies

It ain’t easy and it ain’t pleasing
She’ s just tryna find a way out there
She put out faith in
You know it’s chasing
She’s just tryna find her love out there
And she cries

I need you
Like a wave needs the ocean
Like the love needs devotion
I need you
Like the desert bleeds the water
Like a mission needs a model
I need you
Every minute, every hour
I lay broken like a flower
Cuz I need you
I need you!
