

Alesso, REMEDY

i didn't know that i was broken until
i found my missing piece
it seemed like very door was closing on me
you were so far out of reach

drunk on the night
You got lips like your wine
I got nothing but time for you
feeling so high on that look in your eyes
I got nothing but time for you

I believe /4x
that loneliness is my disease
I believe /4x
that you are the remedy
you are the remedy /2x

I didn't have no one to turn ro
I was circling the drain
but now you showed me ui can learn too
how you be ok. again

drunk on the night
You got lips like your wine
I got nothing but time for you
feeling so high on that look in your eyes
I got nothing but time for you

I believe /4x
that loneliness is my disease
I believe /4x
that you are the remedy
you are the remedy /2x

I believe /4x
that loneliness is my disease
I believe /4x
that you are the remedy
you are the remedy /2x
