Celine Dion, Courage

i would be lying if i said I am fine
I think of you at least a hundred times
cause in the echo of my violence
I heart your words
just like you’re there

I still come home from a long day
so much to talk about so much to say
I love to think that we’re still making plans
in conversations that’ll never end
in conversations that’ll never end

courage
don’t you dare fail me now
I need you to keep away the doubts
i am starting in the face of something new
you’re all I got to hold on to
so courage
don’t you dare fail me now

not one to hide from the truth I know
it’s out of my hands but I won’t let you go
there’s no replacing the way you touched me
I still feel the rush

sometimes it drowse me until I can’t breathe
thinking it’s only in our memories
but when I talk to you like I didn’t then
in conversations that’ll never end

courage
don’t you dare fail me now
I need you to keep away the doubts
i am starting in the face of something new
you’re all I got to hold on to
so courage
don’t you dare fail me now

cause it’s noc easy
when you’renot whit me
this world of madness
goes faster now
and it’s a train wreck
but I won’t crash yet
long as your echo
never fades out

courage don’t you dare fail me now

cause it’s noc easy
when you’renot whit me
this world of madness
goes faster now
and it’s a train wreck
but I won’t crash yet
long as your echo
never fades out
