Charli XCX, No Angel

always been a little bit fast and wild
my mama always said I was a problem child
I’m just livin’ life until the day I die
it’s all i know
that’s how I roll

I party, get naughty
always tellin’ myself I’ll never do this again
I’m sorry that you caught me fuckin’ in the hotel
it didn’t mean anything

don’t let me
don’t let me go
I just wanna let you that I’m no angel
but I can learn
baby, I’m bad to the bone
I just wanna let you know that I;m no angel
but I can learn

the second that you sow me
you were mesmerized
bet you probably thought I was your ride or die
don’t wanna burst tour bubble
but I cheat and lie
it’s truth, I’m bad news

I party, get naughty
always tellin’ myself I’ll never do this again
I’m sorry that you caught me fuckin’ in the hotel
it didn’t mean anything

don’t let me
don’t let me go
I just wanna let you that I’m no angel
but I can learn
baby, I’m bad to the bone
I just wanna let you know that I’m no angel
but I can learn

promise I’ll try /4x
I’m no angel
but I can learn

feels so good /3x
maybe you’re just too good for me
but you’re in too deep
I get stressed out
it’s you much
the pressure is on
and I can’t quite breathe
if I go there, pull me right back

don’t let me
don’t let me go
I just wanna let you that I’m no angel
but I can learn
baby, I’m bad to the bone
I just wanna let you know that I’m no angel
but I can learn

promise I’ll try /4x
I’m no angel
but I can learn
