hide it till we feel it
then we feel it
till we fight it
hold it till we need it
never leave it
don’t want it

new York worldwide
L.A. worldwide
borders my city

just pulled up to the hotel
hotel, hotel

gonna et it how we want it
cause we about it
about that life

baby, it’s alright
baby, it’s alright
baby, it’s ok.
baby, it’s ok,
spark round later
don’t worry about tomorrow
I be with my ladies you can find me there
try to play us
we gon’ start a riot up in here

accelerate, c’mon babe
pick up your speed
stamina, fill me up
that’s what I need

another shot
you comin’ home with me
fuck all these drugs
fuck all these clubs
what’s wrong with me?

all my boss ladies
look at your Mercedes
no matter long as you get there
just don’t let it drive you crazy

you can get it ho you want it
that’s it, go tonight!

baby, it’s alright
baby, it’s alright
baby, it’s ok.

spark round later
don’t worry about tomorrow
I be with my ladies you can find me there

we gon’ start a riot up in here

accelerate, c’mon babe
pick up your speed
stamina, fill me up

More than you can expect
Everything except jealousy and envy

look how I;m illin’ it
leaving there to chill

did it deliberate
killed you to prove I;m innocent

hide it till we feel it
then we feel it
till we fight it
hold it till we need it
never leave it
didn’t want it
fuck all these drugs
fuck all these clubs
what’s wrong with me?

accelerate, c’mon babe
pick up your speed
stamina, fill me up
that’s what I need

another shot
you comin’ home with me
fuck all these drugs
fuck all these clubs
what’s wrong with me?
