Chromeo, Don't Sleep (feat. French Montana & S

You know what it is when you hear that,
A girl like you needs love and affection
A girl like you needs quality time
And a boy like me knows how to take directions
you know I would if you're were to be mine

but I can't tell you who to love
I can't tell you who to love
baby, I can't tell you who to love
I can't tell you who to love
I can't tell you who to love
but you've been sleeping on me
don't sleep /2x
on me
don't sleep on me
don't sleep on me
but you've been sleeping on me
don't sleep on me
don't sleep on me
don't sleep on me

a girl like you need extra attention
and a girl like you shouldn't be wasting her time
now!
a boy like me
well, I'll give you the world
if you give me the word
and it's killing me
you don't pay me no mind

but I can't tell you who to love
I can't tell you who to love
baby, I can't tell you who to love
I can't tell you who to love
I can't tell you who to love
but you've been sleeping on me
don't sleep /2x
on me
don't sleep on me
don't sleep on me
but you've been sleeping on me
don't sleep on me
don't sleep on me
