ATB, Still Here

I never knew life could be this way
Life without you
I never knew life could be this strange
Like a sky that isn't blue
I know you're still here
I know you still care
I know you follow me places only you and I would share
You know you're my love
Know that I always cared
I may have been away without you
But my heart was always here
Never forget
I never left
Always there in the shadows
Hard to believe
Because you couldnt see
Always there when I mattered
Im still here x4
I never meant to fall this way
So much to sacrifice
I never thought life would pass away
And at such a high price
Feel were still one
That love hasnt gone
I sense everything about you
Around me when Im alone
Know that youll always be
Deep in the heart of me
No matter where I am today
Youll always be a part of me
Never forget
I never left
Always there in the shadows
Hard to believe
Because you couldnt see
Always there when I mattered
Im still here x4
