Ava Max, OMG What's Happening

OMG What's Happening
though i was fine
i told you
i don't need your love 3, 4 thousand times
But that’s a lie
No i can’t look you in the eye
Oh I
Oh I

So i did everything
To push you all away
And finally you left
And now i am missing you
Like crazy
And i cry
No i can’t sleep alone in the night

Oh I
Oh I

Look what you’ve done
Look what you’ve done to me
O got everything i wanted
Bot you're everything i want

Look what you’ve done
didn't know i was alone
till i was running
to your head
like magnets

ohm my god
What's Happening
Look what you’ve done

Look what you’ve done
Look what you’ve done to me
O got everything i wanted
Bot you're everything i want

I wanna tell you things
And show you the rest
Broadcast my emotions
On the radio
And take tchem off my chest

Hope you’re listening
Are you?
Are you?

I am spinning around in circles
spinning round in circles
writing in my jurney ‘bout you
Wonder if it’s over
I aint getting closer
Think it’s time
I told you the truth

Hey, wait a minute
Look what you’ve done

Look what you’ve done
didn't know i was alone
till i was running

to your head
like magnets

ohm my god
What's Happening
Look what you’ve done

Look what you’ve done
Look what you’ve done to me
O got everything i wanted
Bot you're everything i want
