Dave Gahan, Soulsavers, Metal Heart

Losing the stars without a sky
Losing the reasons why
You're losing the calling that you've been faking
Yeah I'm not kidding

It's damned if you don't
And it's damned if you do
Be true!
'Cause they'll lock you up in a sad, sad zoo
Oh, hidy-hidy-hiding,
Whatcha trying to prove?
Hidy-hide
You're not worth a thing!

Sew your fortunes on a string
Blue smoke will take a very violent flight
You will be changed and everything
And you will be in a very sad, sad zoo
