Azealia Banks, Anna Wintour

I’m so cold
I’m so grown
I’m so real life
I’m so show off my diamonds
designed to twinkle and belled light
and the valley fills whit darkness
shadows chase as run round
I can make them stop for me
and no lamb no saviors shelter
I’ll be better off alone
I’ll walk an my one pace
I don’t need no one I;ve got my own
I’ve got it made
in the morning I cheer fior sunshine
and I feel it but I don’t feel enouight
in the midnight hours I try to

show me
now I believe
diamonds and dreams
come true for girls like me
no I feel in love me baby
I really know that your love is enough
and I;m so lucky you found me in the day
I needed love
now I feel in love babe
everywhere you are

your dude come to rock for me
hot body, yes I got it
al of the girls are dances floors queens
until I put my Blahniks on it
 move and make it hot for me
hot rot
dance for me get naughty
he wild out for these expensive options
you know the gliow stuning in front now
shades always these bitches can’t look

show me
now I believe
diamonds and dreams
come true for girls like me
no I feel in love me baby
I really know that your love is enough
and I;m so lucky you found me in the day
I needed love
now I feel in love babe
everywhere you are
