Decadent Fun Club, Serendipity

Broken down I see your face
I’m done with fighting for my space
Feeling dizzy I’m not afraid
It was hard to lose a scent of you

I’ve lost you when
Inside of me
How dare you
I’ve lost of you when
Inside of me
How dare you

Faking smile we leave bad days
Hard to see it through the haze
I don’t even wanna wait
There’s nothing left for me to do

I’ve lost you when
Inside of me
How dare you
I’ve lost of you when
Inside of me
How dare you

Waken up in stranger place
Where’s the exit form this maze
Feeling cheesy
It’s too late
I don’t; care what has been fake or true

I’ve lost you when
Inside of me
How dare you
I’ve lost of you when
Inside of me
How dare you
