

# AlunaGeorge, I Remember

In the fabric  
In the phones  
Lost memories  
Get old  
Tiny lies  
love left unsaid  
Like grains of sand left in my bed

I've been trying  
Times go away  
The dead gone days  
I've been flying  
The moment that I see your face  
I Remember  
I Remember  
I Remember goodbye  
Insulting way  
I find in your eyes  
I Remember  
I Remember  
I Remember the fights  
Burning deep into nights
