Deepend, I’m Intoxicated

Every time you come around
I feels like I'm in ecstasy
Every time you come around
I feels like I'm in ecstasy
Every time you come around
I feels like I'm in ecstasy
Ain't got no troubles in my mind
Coz it's just you and me
Let me be the one to show you I got everything you need
Intoxicated, I'm intoxicated
Every time you come around
I feels like I'm in ecstasy
Ain't got no troubles in my mind
Coz it's just you and me
Let me be the one to show you I got everything you need
Intoxicated, I'm intoxicated.
Every time ain't got no
Ain't got no troubles in
Coz I feels like
Like I'm in ecstasy
