Bakermat, Don't Want You Back (ft. Kiesza)

Baby, you can go aout your business
No use in waiting up for me at night
The only thing that is on y wishlist
Don’t take another second of my time

Little man, no can’t you see?
I’m so done with you and me
Sick of living fantasies
It’s not right, it’s not life
You’ve been blind and so naive
You can’t escape reality

You’re not the man of my dreams tonight
No lie!

Don’t want you
Back /4x
No point in begging on your knees
Nothing that I haven’t seen before
Don’t want you
Back /4x
I’m done with all this ‘Baby, please’
You ain;t gonna fuck with me
No more!

You could never end a war with flowers
Decent love will overshadow hate
Our love has joined a new world
Going better
Sick od burning candles in the rain

Little man, no can’t you see?
I’m so done with you and me
Sick of living fantasies
It’s not right, it’s not life
You’ve been blind and so naive
You can’t escape reality

You’re not the man of my dreams tonight
No lie!

Don’t want you
Back /4x
No point in begging on your knees
Nothing that I haven’t seen before
Don’t want you
Back /4x
I’m done with all this ‘Baby, please’
You ain;t gonna fuck with me
No more!

Don’t want you Back /2x
