Demi Lovato, Butterfly

Used to dreas te month od June
Cause it reminded me of you
And always came around too soon
Not anymore
A part of me i hed to find
Cause it was killin’ me inside
You were always like a bye
I wasn’t read for

I figured this was something i deal with my whole life
Stop pushin’ my past to the side
This is what ir’s posed to feel like
Now i look up and i see you in the sky

Butterfly, Butterfly, Butterfly
Butterfly, Butterfly, Butterfly
Butterfly, Butterfly, Butterfly
