Demi Lovato, My Girlfriends Are My Boyfriend (ft.

I found the love of my life
Wait, i mean the love of my life
My soulmates, my angels
My reasons i am grateful

Don’t need a ring or a vow
I got my day one around
They’re perfect
They’re priceless
Forever like diamponds

I buy flowers for my girls
Then i shower tchem in pearls
After everything that i’ve been through
