Dj Refresh & Jakob Malibu, Give Me The Sign (fe

left you teared apart
with your broken heart
left u all by yourself
we just can’t deny
can’t justify
but I see it’s ok

you can start it over
come a little closer
you fallen on the ground so hard
it’s doesn’t really matter
wouldn’t be better
every .. rolling tonight

baby just Give Me The Sign
we can light it up
the spark between us
baby just Give Me The Sign
we can make it up
just make the feel right
baby just Give Me The Sign

let me make you feel
like the …
night is as deep as dark
heart’s beaten fast
would it make it last
use yourself in the lights

you can start it over
come a little closer
you fallen on the ground so hard
it’s doesn’t really matter
wouldn’t be better
every .. rolling tonight

baby just Give Me The Sign
we can light it up
the spark between us
baby just Give Me The Sign
we can make it up
just make the feel right
baby just Give Me The Sign
