hold out on me I swear I
can be the one you wanted
I know I saw you last month
but things have changed I promised

baby if we go back there
I'd do the things I wanted
if we go
if we go

my uber
it was too late and I know
you're on the way
and I swear
I'll be your someone
I'll be your
my uber
it was too late and I know
you're on the way
and I swear
I'll be your someone
I'll be your someone
