Benjamin Ingrosso, Dance You Off

I see that look in your eyes
but I ain’t feeling no pressure

Feels like I’m stuck here in time
While I’ve been trying to forget you

Just wanna da-da
dance you off
so don’t you da-da-dare wait up
Cause I just wanna feel the mood
girl with anymore but you
and I might know
and I might know
just trying to have myself a time
So I just don’t care if you mind
Cause I just wanna feel the mood
girl with anymore but you
and I might know
Yes, I might know

Treated you good
we were gold
I dug you like you were treasure
so don’t act like I’m the cruel one
when I know you better

and I oh I used to think you were
worth the best in file

Feels like I’m stuck here in time
While I’ve been trying to forget you

Just wanna da-da
dance you off
so don’t you da-da-dare wait up
Cause I just wanna feel the mood
girl with anymore but you
and I might know
and I might know
just trying to have myself a time
So I just don’t care if you mind
Cause I just wanna feel the mood
girl with anymore but you
and I might know
Yes, I might know

I’m just gonna you off the floor
I used to think that you were worth my every night

Just wanna da-da
dance you off
so don’t you da-da-dare wait up
Cause I just wanna feel the mood
girl with anymore but you
and I might know
and I might know
just trying to have myself a time
So I just don’t care if you mind
Cause I just wanna feel the mood
girl with anymore but you
and I might know
Yes, I might know
