

# Anne-Marie, Peak (Stripped)

Wasn't I enough?  
Didn't I amount to you?  
I don't blame you for the love  
That I lost tune  
It would take time  
A lot of heartache too  
But I was in love  
I thought you were too

No one compares, if I'm honest  
I've beaten myself blue  
I wish you could've been honest  
Instead of trying to look cool

Did I breathe, did I?  
Did I sleep?  
Did I eat?  
Did I cheat, did I?  
Did I do something wrong?  
Did I hit the peak, did I?  
Did I feel?  
Did I steal?  
No, I didn't do anything but love

Now we get along  
That's just what we have to do  
I know every song  
Sang out from my heart for you  
I've gotta stay humble  
And you have to too  
It was the hope, he crumbles  
Where it once stood tall

[No one compares, if I'm honest  
I've beaten myself blue  
I wish you could've been honest  
Instead of trying to look cool

Did I breathe, did I?  
Did I sleep?  
Did I eat?  
Did I cheat, did I?  
Did I do something wrong?  
Did I hit the peak, did I?  
Did I feel?  
Did I steal?  
No, I didn't do anything but love
