

Arca, Born Yesterday (feat. Sia)

Something's wrong and I can feel it
And if the surface tension breaks
Then we will drown here in it all
'Cause you can't look me in the eye anymore
But if you do it's clear inside
You're fighting in the wood

But you can't hide, your shame tonight
And I can't take the words you cannot say
So hush now, and don't cry
Mistakes are part of life

I wasn't born yesterday
And i see it on your face
I wasn't born yesterday

And i am not your baby,
Anymore
You took my heart
And now it's broken

So take your things
You gotta go now
Don't say a word
Ot it might
go down /3x
and i will stay cool until you walked out
but wern you're gone
i will lie here hoping that i will nort drown

But you can't hide, your shame tonight
And I can't take the words you cannot say
So hush now, and don't cry
Mistakes are part of life

I wasn't born yesterday
And i see it on your face
I wasn't born yesterday

And i am not your baby,
Anymore
You took my heart
And now it's broken
