Not me and you but me and two bitches

She suck the dick cold through the dick hole
In the louis draws but it was gucci
Drive the boat, one hand on her coochie

Your hoe get inside then I get inside
Lay the back seats down, baby vibe
Only designer in my design
Don't pay for no pussy can't even spend time
I don't have to die to make a bitch wine
They want me dead, take a number, get in line
Money on my head, one in the head
Put them to bed, go to bed
She sucking dick while it's dead, soft
Couple vibes in the loft
