(G)I-DLE (□□)□□□, 7Days

Ah-ah
Ah-ah
Mm-mm
I gotta say, Monday, Tuesday, or everyday
Wednesday, Thursday, seven days of forever
You're stuck in my head, spinning 'round, wishin' you'd stay here
Monday to Friday or everyday
Saturday, Sunday, let me love you forever
No matter the time, seven days like a dream forever
All the walls were crumbling down
Didn't want no one around
'Til you caught me out the blue
Now it feels like déjà vu
I know I'm a mess, but I need you so bad
No, the pain doesn't last, but the memories are gonna stay
Fallin' into you, yeah
Feelin' so true, yeah
I'm so obsessed with how you breathe
Nonsense is taking over me
You and I, birds of a feather
Stitched together, no lie
I gotta say, Monday, Tuesday, or everyday
Wednesday, Thursday, seven days of forever
You're stuck in my head, spinning 'round, wishin' you'd stay here
Monday to Friday or everyday
Saturday, Sunday, let me hold you forever
No matter the time, seven days like a dream forever
Tryna find my way, reading you like a map
When I lie awake, I hear you ring in my head again
I'm stuck with you, yeah
Don't let me loose, yeah
I'm so obsessed with how you breathe
Nonsense is taking over me
You and I, birds of a feather
Stitched together, no lie
I gotta say, Monday, Tuesday, or everyday
Wednesday, Thursday, seven days of forever
You're stuck in my head, spinning 'round, wishin' you'd stay here
Monday to Friday or everyday
Saturday, Sunday, let me love you forever
No matter the time, seven days like a dream forever
Trust in our feelings, I don't mind (don't mind)
You're caught in my brain every damn time (damn time)
I'm tryna keep you close to the limelight
Seven days, nights with ya
I gotta say, Monday, Tuesday, or everyday
Wednesday, Thursday, seven days of forever
You're stuck in my head, spinning 'round, wishin' you'd stay here
Monday to Friday or everyday
Saturday, Sunday, let me love you forever
No matter the time, seven days like a dream forever
