Frank Walker, Astrid S, Only When It Rains

how did we end up wasting all this love
and sacrifice the things we're dreaming of
when in the end it's ytime that limits us
but we can't fight it, no we can't fiht it

it's funny how we're always wanting more
without us knowing what we're aiming for
we keep on spending more than we can afford
till we are broken, /2x

but I've been told
that it will get better it rains
the flowers they won't grow
whit only the good and sunny days
cause it's only when it rains

that we grow
that it's only sunny days
that we grow
that it's only whaen it rains
we grow
that it's only sunny days
that we grow
that it's only when it

don't know when
don't know where it started from
but I always knew that I'd be on the run
my feet gets weak whenever I'm missing home
feels like it's fading,
whatever I'm chasing

cause I've been told
that it will get better it rains
the flowers they won't grow
whit only the good and sunny days
cause it's only when it rains

that we grow
that it's only sunny days
that we grow
that it's only whaen it rains
we grow
that it's only sunny days
that we grow
that it's only when it
