Gallant, Sweet Insomnia (feat. 6LACK)

two shivers for a cold introduction
that mix of every mental condition you want
pull focus to greater dependence on a psychotic crash
girl you deserve that

you wish I was sleeping
and wish I was satisfied but

sweet insomnia
you make it hard for me to sleep by myself
myself
sweet insomnia
you make it hard for me to know myself

[6lack:]
(…)

sweet insomnia
you make it hard for me to sleep by myself
myself
sweet insomnia
you make it hard for me to know myself
