BTS (□□□□□), Heartbeat

it leaves me feeling seasick baby
(…)
it spins me round and drives me crazy
(…)

(…)
but my heart’s still on fire
with a burning desire
(…)

i wish that you would love me again
like yesterday
(…)
and every time my heart beats
(…)

(…)

when you hear my heartbeat baby
you gave me a new life
you gave me a new birth
I feel you’re heartbeat away
I been losing my mind
I been craving my shine
I know me before you was a ready
made me
but you designate me
and you did resume me
I;ve been calling your name
in this whole universe
now I need no space
I got universe

(…)

i wish that you would love me
(…)
and every time my heart beats
(…)

(…)

my heart’s on fire for your love
oh heart’s on fire for your love

i wish that you would love me
(…)
and every time my heart beats
(…)

(…)
